

(e) The reconciliation of the above figures with those in the Accountant-General's books should be taken up immediately thereafter and completed by the 20th of the month. The fact should be reported to Government also until further instructions.

(f) The certificate is prescribed just to ensure that this important work is attended to systematically by all officers concerned without the need to issue reminders. The watching of actuals against budget grants or appropriations being the primary responsibility of every Government Officer entrusted with the expenditure or control of Government Funds, any application for extra staff on the ground that the new procedure involves additional work will be against the spirit of the Government Order. The extra work necessitated by these arrangements will be negligible in most cases and in the case of large departments like Police, Agriculture, Education, the centres of consolidation should be so arranged as to ensure that the extra work is distributed evenly without the need for additional staff in any case.

(g) The amount of bills actually cashed in a month should be taken for the purpose of the statement in Form 'A'. In the case of bills payable at Bangalore, the date of pre-audit cheque will be the date of disbursement irrespective of the date of encashment of the cheque. The amounts to be taken are the gross amounts of bills even though the net amount may be drawn after deduction towards funds, etc.

(h) Some of the Departments are sending statements of expenditure to the Finance Department and as it is the responsibility of the Departments to reconcile the figures, such statements need not be sent to Finance Department.

Any doubts or difficulties may be referred to the Finance Department for elucidation. The Special Officer (Treasuries) may also be contacted by the departmental clerks at Bangalore personally during office hours for clarification of points, if any.

Yours faithfully,

6466
